## ABOUT ME

I am a passionate software developer working on java technologies and curious to learn new technologies looking forward to work with team of great people and learn from them to advance my career.

## ACADEMIA

### Bachelor of engineering

Computer engineering Jun 2022

SKN Sinhgad institute of technology and science, Lonavala

- Completed engineering with **8.15** CGPA
- Earned honors qualifications in cyber security from SPPU university.

### HSC and SSC

State board of maharashtra

May 2015, 2017

- Completed HSC from Azeem Jr. College, Ausa
- Completed SSC from SMMV, Ausa

## PROJECTS

### Personal portfolio

HTML, CSS, React

<https://ravi-auti.web.app/>

- My own personal portfolio static site built with web technologies and react framework.
- Responsive design achieved with unorthodox use of **flex** instead of media queries.
- Firebase hosting is used for hosting static assets for free.

### Farmkart - directly from farm

HTML, CSS, JS

- E-commerce website built with HTML, CSS and Spring Boot.
- Concept was to implement sellers dashboard for farmers who can directly sell their products to customers with almost no middle man expenses.
- For direct payments we have used razorpay payment gateway.

## Hobbies

- Internet surfing
- Video games
- SciFi movies
- Listening podcast
